Removing Toxins from Inside Cells    Handhold: Healing Detox Attachment. (This is the same tool developed for the Harmonic Quad). Handhold position: place the round end of the Healing Detox Attachment flat against the right side of the body. Puck orientation: South out. Puck position: On left side of body. If there are a lot of toxins inside the cells, it may take several hours to get them out. This not only takes them out of the cells, it also empowers the liver enzymes to detoxify them and remove them from the body. Muscle test the percent efficiency of the cells. You are finished when the percent efficiency reaches 100%. It may be best to muscle test how long to use it now. You may need to do repeat sessions on following days.. Caution: Do not use this application if you have bluegreen algae toxins. It will remove them too quickly without destroying them and cause you tremendous pain and suffering. Muscle test how long to do this procedure.
